To the recipients as per the enclosed send list

**ENVIRONMENTAL IMPACT ASSESSMENT DECISION ON THE PROPOSED
ACTIVITY – THE CURONIAN NORD OFFSHORE WIND FARM IN THE
LITHUANIAN MARINE TERRITORY OF THE BALTIC SEA**

We hereby inform you that the environmental impact assessment for a proposed project - a major installation for the harnessing of wind power for energy production (a wind farm) proposed by a Lithuanian developer JSC “Ignitis renewables” - Installation and operation of the Curonian Nord offshore wind farm has been concluded following the decision adopted by the Environmental Protection Agency (dated 26 June 2026, No (30-2)-A4E-7223).

As required by Article 6(2) of the Convention on Environmental Impact Assessment in a Transboundary Context and provisions of national legislation of the Republic of Lithuania, please find enclosed the EIA decision, which includes the reasons and considerations on which it was based. Please note that the decision also includes conditions of implementation of the proposed economic activity related to the conducted environmental impact assessment, which are obligatory for the developer and information about transboundary consultations.

The final Environmental Impact Assessment Report (in English) and its annexes, on which the decision was based is available online¹ and will be available till 31 December 2026.

Please note that some of the accompanying annexes are in English; however, documents concerning internal public disclosure procedures and documents relating exclusively to national procedures for the disclosure and coordination of environmental impact assessment documentation have not been translated, as they are not relevant in the context of the transboundary EIA.

We would like to thank you for successful and constructive consultations and assure that the Republic of Lithuania will continue its contribution towards open and transparent transboundary EIAs.

ENCLOSED. Decision on the Environmental Impact of the Development of the “Curonian Nord” Offshore Wind Farm and Installation of the Electricity Export Cable for Offshore Wind Farm “Area D”, Lithuania, No. (30-2)-A4E-7223 of 26 June 2026, in English, 23 pages.

Vice-minister

Akvilė Gargasaitė
